## Blue Foamy Lube Low pH Presoak

### Concentrate

#### DESCRIPTION:

Mighty VS7 Blue Foamy Lube is a concentrated, low pH presoak, ideal for touchless and conveyor car washes. The product contains both natural and synthetic cleaners to deliver outstanding performance. Degreasing is achieved with d-limonene, while industrial co-solvents attack additional stubborn soils. High levels of chelating agents give great hard water stability. 100% active surfactants allow for great foam profiles at high dilution rates. The blue color gives a nice foam signal and contains a pleasing citrus fragrance.

#### FEATURES:

- Biodegradable
- VOC/OTC Compliant
- Concentrated
- Degreases surfaces
- Great hard water stability
- High dilution rates possible
- Great foam profiles
- Citrus fragrance

#### DIRECTIONS:

Follow equipment manufacturer's recommended procedures. Blue Foamy Lube can be diluted up to 1:540 as a low pH presoak.
