

PACKAGE 4 Part Kit 6 per case

Highly Advanced Cleaning Technology

Mighty GDI Solutions Kit is specifically designed for vehicles with GDI Gasoline Direct Injected Engines. This 4-Step Kit contains 2 cans of the Total Intake System Cleaner, Syntramax Dual Tech Fuel System Cleaner, and an Oil System Cleaner. This combination provides the optimum choice for preventative maintenance of the fuel system in GDI engines.

Key Features & Benefits

- Professional formula with Dual Tech technology
- Cleans total intake & fuel systems
- Helps return compression to factory levels
- Removes carbon deposits
- **Improves power & performance**
- **Reduces emissions**
- Safe for all gasoline direct injected engines
- 02, throttle body and MAP sensor safe
- **Helps to Improve Fuel Economy**
- Helps Improve Engine Performance
- Completely Addresses Fuel System and Oil System Demands Generated by Gasoline Direct Injected Engines
